The Mission Zimbabwe Project will be holding its 15th annual November Supper on Saturday, November 30th to benefit the Village of Hope and Vimbainesu Children's Home in Zimbabwe. The supper will feature a roast beef meal with home-made desserts, a fun live auction and an opportunity to learn more inspiring stories about the children at the Village of Hope.

Tickets

Tickets for the event are \$25.00 for adults and \$15.00 for children 12 and under and can be purchased online by e-transfer at mzoutreach24@gmail.com or by contacting Audrey Mutrie at 226-668-2507. Tickets are also available at Holst Office Supplies in Hanover and Walkerton and at Rexall Drugstore in Chesley.

Online Auction

At the same time as the Christmas supper, the online auction will be running that will feature over 200 items. **The auction will go live on Wednesday, November 20th and close on Tuesday, December 3rd. The link to the auction will be available very soon! Your participation will be a good way to do some Christmas shopping and at the same time support the children at the Village of Hope and Vimbainesu Children's Home.**

Auction items are needed! We need your help!

Another way you can help right now is to assist the MZO Directors to secure donations for the online and live auctions. Items such as gift baskets, crafts, art pieces, services, event tickets, adventures or gift certificates work well on the auctions. All items big or small are greatly appreciated. Contact Barb at barb.missiozim@ehtel.ca or 519-373-7248 or Barry at abmut01@gmail.com or at 519-270-4461 for a donation form or for more information.

There is a great need for donations!

There are now four ways that you can utilize to donate to Mission Zimbabwe Outreach so that MZO can help support the children at the Village of Hope and Vimbainesu Children's Home.

VOH Zimbabwe: Preventing Mpox October 25, 2024

In a heartwarming display of community collaboration, the recent drive led by the Ministry of Health in partnership with our Hope Medical Clinic brought health to countless children in Zimbabwe.

This initiative aimed to combat the rising concerns of Mpox (formerly known as monkeypox) among the younger population, highlighting the pressing need for preventive healthcare.

Trained health professionals engaged with children and their parents, imparting crucial information about Mpox, its symptoms, and the importance of early intervention.

Children were warmly welcomed into the clinic, where they received essential vaccinations that will serve as a barrier against infectious diseases. Alongside these essential immunizations, the children were provided with supplementary vitamin drops. These vitamins are vital for bolstering immune systems and ensuring they grow healthy and strong.

We believe that every child deserves a chance to thrive, free from the threats of preventable diseases. This collaboration with the Ministry of Health not only underscores VOH's dedication to child health but also emphasizes the importance of partnerships in addressing public health challenges.
